# GPS Fun Day

Then if you wish on **Sunday 28 March** join in our fantastic GPS fun day

We have set a fantastic 4WD course through the local area for you to follow. We will provide you with the GPS coordinates and with the help of Brian Sommerville from GPSOZ, you can plot them and then participate in the GPS hidden treasure hunt. At strategic locations throughout the bush we have hidden little treasures for you to find.

This is a test of your 4WD GPS navigation skills and there is a great prize for the person who finds all the treasure.

The GPS fun day will start after breakfast on Sunday 28 March at 9am and conclude at lunch time at my driver training facility. You need to supply your own GPS, breakfast and lunch we arrange all the training and the FUN!

This is a great follow up to our GPS training day on Saturday or you can just join us for the day if you are already GPS savvy.

If you don't have a GPS, then enrol anyway as GPSOZ will be on hand to give you a trial unit to test for the day plus Brian's expert advice on how to use it, rumour has it he will also have some fantastic specials for our customers too!

The cost of the GPS Fun Day is just \$120 per vehicle.

Don't forget, you must register by emailing [info@greatdividetours.com.au](mailto:info@greatdividetours.com.au) or calling 02 9913 1395.
