

Great Divide Tours

Dear Vic,

Just wanted to let you know how impressed both Catherine and I were with your guide, Ian, who led the Snowy Trip over the New Year. Ian did an outstanding job, and dealt with issues that arose in a very calm, considered and clever manner. Ian did an outstanding job of organising things to assist and guide us across the terrain in a calm and confident manner.

Ian also dealt with the various unexpected track changes and impassable sections we encountered. He took it all in his stride, with safety of paramount importance, and logically & sensibly worked ways around/different approaches.

We really did enjoy Ian's relaxed yet confident and style and intelligent attitude to 4 wheel driving.

We had a fantastic time and whilst a number of factors contributed to this (including the others on the trip), the predominant factor was Ian and we would look forward to doing more trips with him.

Cheers

Tony & Catherine
